**CURATED GIFTING SERVICE**

# ABOUT

**WHO WE ARE:** Bundle + Twine is a curated gifting service that appreciates quality, simplicity and style.

**WHAT WE DO:** We specialise in corporate gifting with a personal touch, and believe that the best gifts tell a story. We're all about creating beautiful gifts that make your staff and clients feel valued and happy.

**HOW WE DO IT:** We're fussy when it comes to our gifts, and only items that meet our high standards are included in our gift boxes. We hand choose each and every item with thought and care, and it's this commitment to the process that ensures that your gifts will be unique and perfect for the occasion.

**WHY US:** We make gifts that stand out in a crowded market, we value your reputation, we work to your budget, and we make things easy for you, so you can concentrate on what you do best.

We look forward to helping you make your gifting game strong.
